Ordained.

Rev. J. L. Davies, late a member of the senior class at Lane Theological Seminary, was ordained on the 9th instant, by a Council convened for that purpose, at the Orthodox Congregational Church of Tyn Rhos, Galla county, O. The examination of the candidate was conducted by the Rev. J. A. Davies, of Bloom, Ohio; the right hand of fellowship given by Rev. W. Powell, of Ironville; the prayer offered by Rev. D. M. Evans, Oak Hill, and the charge to the pastor by Rev. G. Griffiths, of Cincinnati. Mr. Davies has received a unanimous call from the church at Paddy's Run, Ohio, which he has accepted. He will commence his labors there on the first Sabbath in 1876.

A Generous Proposition.

The following communication was received by Dr. Hadlock yesterday: J. W. Hadlock, M. D., Secretary of the Ohio State Medical Society: DEAR SIR: Having written several messages to the "Ohio State Medical Society" on the subject matter of donation and amalgamation with the "Cincinnati College of Medicine and Surgery," and not receiving any response, I now say, for last and all, that if the society will amalgamate with the latter, under given conditions, powers of attorney, \$100,000, subject only to a quarterly payment of \$75, or \$300 annually, in support, or part support, of a free dispensary for the poor of the city. I believe this was my original agreement to you in my mail missives of Nov. 13th and 14th inst, and I stand, up to this hour, I have received no answer. THOMAS BELMAY, M. D. SANDUSKY, O., Dec. 10, 1875.

That Club.

At a meeting yesterday evening of the Evangelical Ministerial Association the famous Club House Memorial from Asbury Chapel and the action accompanying it were called up, and after a great deal of discussion participated in by Dr. Beany, Rev. Mr. Bowers, Rev. Eben Bailey, Rev. Mr. Payne, Rev. Mr. Sietke, and others, the following resolution was finally adopted: The Evangelical Ministerial Association having learned of the foundation of the Queen City Club, and the connection with it of many of our Christian brethren of the various churches, and knowing well that the history of similar clubs furnishes an abundant reason to apprehend that such a club-house in our city will be the source, or at least, the occasion of vast evil to the morals and well-being of society, therefore, Resolved, That we deprecate the formation of this club, and respectfully ask the Christian men associated with it to carefully reconsider their relations to it in the light of Christian duty and responsibility, and if possible, prevent the realization of our apprehensions.

INDIGESTIBLE BREAD.

The reason why those baking powders in the market adulterated with alum, chalk, and other substances make bread and biscuits very indigestible, is because they harden the gluten of the wheat and render it less soluble. Now this is not the case with Dr. Price's Cream Baking Powder; its purity and perfect condition enable it to render all articles easy of digestion, besides preserving their natural taste. Those who have not tested them, as also the True Flavouring Extracts, so pure and delicious.

An auctioneer once advertised a lot of chairs which, he said, had been used by school children without backs.

HOLIDAY GOODS.

Holiday Shopping—Progress of the Useful and Decorative Arts in the United States—New Article of Export—How Prices are Made Reasonable.

A very unpleasant feature incident to "Holiday Shopping," when postponed to within a few days of Christmas, is that the throng and confusion become so great at the most attractive stores as to make it impossible for purchasers to receive proper attention.

In view of this, and in order to, at least in a degree, obviate the difficulty, DUHME & CO. placed their sales-rooms in complete Holiday condition several days earlier than in preceding years.

Manufacturers of Solid Silver and of Fine Silver-plated Ware have produced for the business of the current season a line of useful and "pretty things," so exceptionally attractive as at a glance to suggest the thought that the progress of the useful and decorative arts had about reached its limit, and when prices are noticed, the conviction will come that THE BOTTOM IS REACHED.

Besides the great variety from their own workshops, DUHME & CO.'S stock comprises the choicest productions of all the prominent goldsmiths, silversmiths, and platers in the United States.

The skill and taste displayed by the manufacturers of Jewelry in this country is surprising.

The styles of Jewelry for the present seasons are singularly elegant and tasteful, and are by no means expensive.

As to Table Plate, both solid and silver-plated, there is no doubt but that our manufacturers excel those of any other country. In fact this class of goods form a new article of export, and not only a new, but a very gratifying subject of thought to the political economist.

DUHME & CO. have also just received their last importation of Paris and Vienna goods, Clocks, Bronze Statuettes, Jewel Caskets, etc.

Prices at DUHME & CO.'S are now actually lower than before the war (style and superior finish considered). This peculiar condition of things is brought about by improvements in machinery, and by the greater skill of workmen, and by the fixed policy of DUHME & CO. to make prices reasonable.

DUHME & CO.'S establishment, Fourth and Walnut, is more heavily stocked with beautiful things than ever before, and is really a grand bazar.

In making purchases early you have an unbroken line to choose from, can make selections in a leisurely manner, avoid the throng and confusion, and, in fact, secure all the advantages of the situation.
